

iBS Modules

How to use your own modules in iBible-Study HD?

Step 1: Open the Word desktop Bible software

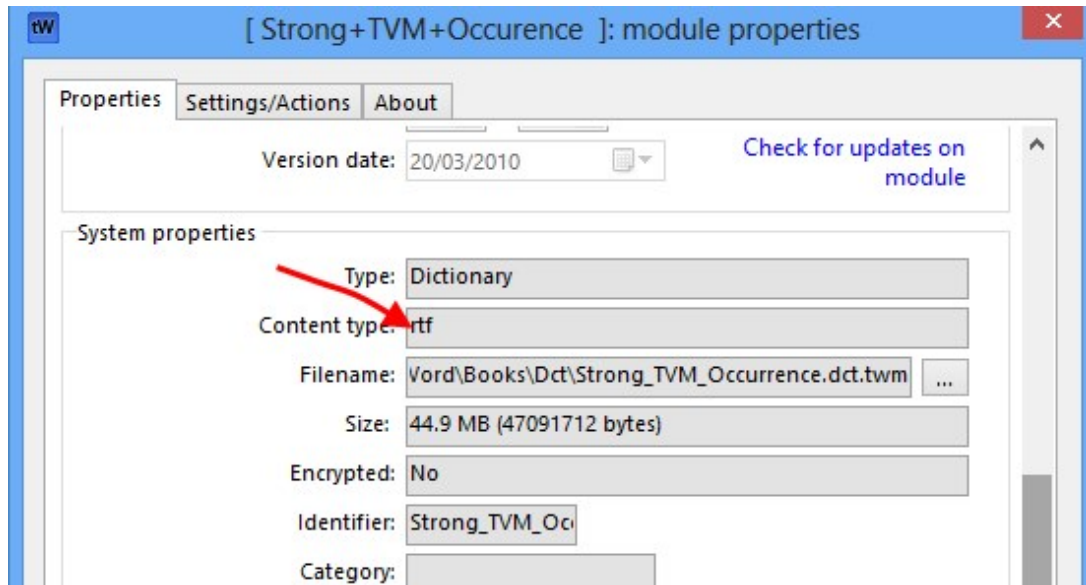

Step 2 : Select the "Module properties" for the module you want to use in iBible-Study HD

iBS Modules

Step 3: Make sure the module is RTF (if not go to step 5).

Note: If the module is not RTF. you can convert it to RTF through Actions section

Step 4: Copy module to the document of iBible-Study HD

For more details please visit the following link:[iOS: About File Sharing](#)

or sent it to your email inbox and then open it from the iPad.
